Pour les détails des recettes & dépenses 2021 (par codes GL) et par entité veuillez vous rendre aux sections 4 & 5.

a) L'**excédent non restreint** (hors projets affectés) est de \$13,5 millions par rapport au budget. Les raisons principales en sont les suivantes :

- Subventions de \$ 5 millions reçues en avance sur le calendrier prévu, soit :
 - Gouvernement suédois en mars plutôt qu'en juillet : US\$6,2m
 - Hewlett Foundation en mars plutôt qu'en avril : US\$1m.
 - Une subvention supplémentaire de \$1 million du Japon pour l'Iran, présentée par erreur comme non restreinte plutôt que restreinte. Ceci fut corrigé en avril 2021.
 - Subvention de US\$ 3,7 millions reçue plus tard que prévue de la part du gouvernement néerlandais. Ce montant devait être reçu en mars, mais il sera probablement reçu en mai 21 (à la signature du contrat).
- Une sous-dépense d'environ US\$7,2 millions sur les subventions en espèce en raison de la lenteur de versements aux AM en provenance de :
 - Flux 1 – US \$ 3.8 M + allocation de bons de US\$ 0,3 m
 - Flux 2 – \$2.3m
 - Flux 3 – \$00,4m
- Autres sous-utilisation des fonds
 - Londres et WWI (autres que subventions) : sous-utilisation de \$0,5 million, y compris le budget d'urgence non utilisé de \$0,3 million
 - Economies sur la masse salariale de \$US\$0,5 million sont un reflet des économies dues aux postes vacants dans les bureaux régionaux. Bien que ceux-ci soient en cours de recrutement, certains de ces postes sont assumés par des vacataires. Les économies nettes s'élèvent cependant à \$0,4m.
- Le solde est alimenté par un mouvement de change de US\$0,4m dû à des réévaluations des bilans.

b) Les **fonds affectés** affichent des dépenses inférieures au budget de US\$ 1,3 million. Cette baisse des dépenses tient essentiellement aux fonds suivants :

- Business plan, solution 1 & 2 : \$0,9m. Il y a eu des retards dans les accords et les versements des subventions aux AM dans le cadre du programme *Accélérateur du mouvement*
- Business plan solution 5 : \$0,1m. En attente du reporting de la FPAP Pakistan afin de pouvoir fournir le prochain versement pour le renforcement des capacités humanitaires

- Business plan solution 6 : \$0,2m. Dépenses moindres que prévues pour les programmes de leadership féminin

Pour plus de détail de chacun de ces fonds, veuillez vous rendre à la section 7.

- c) Les **projets restreints** sont excédentaires de US\$4,9 millions par rapport au budget ; cet écart est principalement dû à des dépenses inférieures :
- \$1 M de moins que prévu au budget pour le projet *Canada Young People* qui a été prorogé en raison des changements dans ses centres d'excellence de la Bolivie à la Colombie et du Kenya au Ghana.
 - \$0,7 million de moins que prévu pour le projet Wish1 en raison de retards dans les achats internationaux et les activités des AM.
 - \$1,7 million de moins que prévu pour le projet UK Connect- ACCESS, cela étant avant tout dû à l'attente des rapports trimestriels des partenaires nécessaires à la facturation du FCDO.
 - \$ 0,8 million de moins que prévu pour les interventions du plan de travail du FNUAP mises en œuvre par ESEAOR (autres projets).

Pour plus d'informations sur chacun des projets, veuillez vous rendre à la section 6.

Parmi les autres principaux développements dans le cadre des projets restreints, notons :

- Le FCDO a confirmé la prolongation des contrats Wish jusqu'à la fin mars 2022.
- Le FCDO a laissé entendre que le financement du projet restreint ACCESS à l'IPPF sera annulé. Cela induira une réduction des revenus et des dépenses restreints prévus au budget pour le reste de la période budgétaire.
- L'IPPF a conclu de nouveaux accords restreints avec les donateurs suivants :
- Subventions supplémentaires du Japon de \$1 million chacune pour l'Afghanistan et l'Iran sur une période de 12 mois. Il y a des difficultés à transférer les fonds en Iran car le pays fait l'objet de sanctions. Si aucune voie acceptable ne peut être trouvée, les fonds devront sans doute être retournés au donateur.
- GAC (Global Affaires Canada) a fourni des subventions supplémentaires pour plusieurs programmes, y compris le projet *Young People Canada*. Le montant total de la subvention approuvée est de CAD 4 millions sur une période de 12 mois à partir d'avril 2021.
- *GAC Colombia Humanitarian project* (projet humanitaire de GAC en Colombie) : fonds supplémentaires alloués à hauteur de CAD 1million jusqu'en mars 2023.
- Norad – MGF jusqu'en mars 2022 : approbation de NKK 3 M.

| Total des fonds et réserves à l'exclusion du passif du régime de retraite | 83 703 | 82 364 |

Le bilan résumé ci-dessus montre que :

- Les réserves générales ont augmenté de US\$1,4 M depuis le 31 décembre 2020 en raison de l'excédent actuel des financements de base non restreints.
- Le solde des fonds restreints a augmenté de US\$ 0,65 million depuis décembre 2020 en raison de l'excédent actuel du financement restreint.
- Les liquidités en banque ont augmenté de \$0,4 million pour atteindre \$71,4 millions depuis décembre 2020.
- Les sommes à recevoir des donateurs ont été considérablement réduites, passant de \$26,3 millions à \$13,5 millions depuis décembre 2020, en raison d'un encaissement en provenance du FCDO pour le programme WISH en février.
- La régularisation des subventions en fin d'exercice a diminué, ce qui a entraîné une réduction des créances de \$26,9 millions dollars en 2020 à \$12,7 millions au 31 mars 2021. Ceci est dû à la régularisation de charges à payer aux :
 - partenaires dans le cadre du programme WISH, soit environ \$10 M
 - AM et autres, soit environ \$4,2 millions de dollars dans le cadre du programme WISH et d'autres sources de financement.
- Certains contrats à terme ont été réglés (environ SEK 6,2 millions), ce qui fait que le total des engagements au titre de ces contrats est passé de \$2,3 millions en décembre 2020 à \$0,862 million au 31 mars 2021.

3. Indicateurs de performance clés (IPC)

Les réserves générales s'inscrivent dans les objectifs fixés par la Gouvernance.

- La demande de fonds d'AWRO au premier trimestre est toujours lente. L'année dernière, au premier trimestre, nous n'avions versé que \$496 000 sur un budget de \$1,2 million, soit un taux d'utilisation de 41%.
- Le montant négatif pour ACRO est dû à la subvention non payée de la régularisation de fin d'année 2020. Nous avons pris des dispositions pour toutes les AM de la région WHRO –en revanche, certains paiements n'ont pas encore été faits pour toutes les AM qui ont quitté l'IPPF. La régularisation (non encore payée) est la suivante : Bolivie \$75k, Chili \$19k, République dominicaine \$65k, Guatemala \$57k, Honduras \$52k, Paraguay \$39k, Equateur \$36k.

Recettes : US\$ 6.2 M reçus de la Suède en avance.

Pour fonds restreints, Guso comptabilisé pour \$1m au 1er trimestre 2020 mais n'existe désormais plus

Les chiffres de l'exercice dernier concernent le uniquement le BC et le pôle Bangkok et les chiffres de l'exercice en cours sont ceux du Groupe, ARO et EN compris

| (a) | Unrestricted Grant Income has varied because income from Sweden for \$6.2m received ahead of time. | | | | | | | | | | | | | |
| (d) | Unrestricted Cash Grants are running behind budget due to delays from regions in requesting funds from center. ARO and EN region are also utilising cash from year end hence no request were made to CO. | | | | | | | | | | | | | |

Comments

- (a) Grant Income has varied because of Government of Sweden income for \$6.2m came early.
- (b) Staff Costs are higher than budgeted this is mainly a higher than expected charge in projects.
- (c) Cash Grants for core grant is running behind budget because no cash advance made to ARO,EN and AWRO. Restricted grant is inline with the budget.

Comments

- (a) No Grant income received from restricted funding due to project delays on SPRINT III, MFAT, and UNFPA. See comment (c) below.
- (b) Staff Costs are lower than budget due to vacancies in Unrestricted roles and the delayed start on Restricted projects.
- (c) \$1.7m of cash grants were paid by CO on behalf of ESEAOR, and will be charged across in April. SPRINT underspent in Q1 because 1) several key staff posts were under recruitment, 2) travel and some regional training were not carried out due to COVID restrictions in the region, 3) grants to MA were also low due to COVID in 2020 which slowed down the spending and the balance carried forward to 2021. More activities are planned in Q2 to meet the needs in a manner that is not affected by the COVID situation. MA grants are picking up as we respond to the emergencies in the region, including COVID response. We have recently reviewed and revised the project budget in consultation with the donor with the aim of being able to fully spend the remaining fund by the end of 2021 as the final year of the project. We have a clear action plan for spending and will constantly monitor and revise the budget for full implementation till the end of the year.
